Contents Volume 53, 1987/1988

Late Quaternary forest history in Venda, southern Africa
L. Scott (Bloemfontein, South Africa) 1
Index of figured plant megafossils — Permian 1976–1980
M. Boersma and L. M. Broekmeyer (Utrecht, The Netherlands) 11
Pollen cones from the late Triassic of North America and implications on conifer evolution
T. N. Taylor (Columbus, OH, U.S.A.), T. Delevoryas (Austin, TX, U.S.A.) and R. C. Hope (Buie's Creek, NC, U.S.A.) ... 141
The origins of corroded pollen grains at five early postglacial pollen sites in Western Scotland
R. Tipping (London, U.K.) 151
A new archaeopteridalean plant from the Devonian of Pavlovsk, U.S.S.R.
V. A. Krassilov (Vladivostok, U.S.S.R.), M. G. Raskatova (Voronezh, U.S.S.R.) and A. A. Istchenko (Kiev, U.S.S.R.) ... 163
Observations on the substructural organisation of the exine in *Fagus sylvatica* L. (Fagaceae) and *Scorzonera hispanica* L. (Compositae: Lactuceae)
S. Blackmore and D. Claugher (London, U.K.) 175
Late Weichselian/Early Holocene pollen- and lithostratigraphy in lakes in the Ålesund area, western Norway
I. L. Kristiansen, J. Mangerud and L. Lømo (Bergen,Norway) 185
The paleoecology of a coal-ball deposit from the Middle Pennsylvanian of Iowa dominated by cordaitalean gymnosperms
A. Raymond (College Station, TX, U.S.A.) 233
Les bois fossiles de Juglandaceae: inventaire et révision. [Fossil woods of the Juglandaceae: inventory and revision]
J. Dupéron (Paris, France) 251
Pollen morphology and taxonomy of the *Phyllanthus* species (Euphorbiaceae) native to New Caledonia
D. Lobreau-Callen (Paris, France), W. Punt (Utrecht, The Netherlands) and M. Schmid (Paris, France) 283
Pollen morphology of *Beauprea* (Proteaceae): modern and fossil
D. T. Pocknall and Y. M. Crosbie (Lower Hutt, New Zealand) 305
Palynostratigraphy of the Late Ladinian and Carnian in the southeastern Dolomites
E. Blendinger (Tübingen, F.R.G.) 329
The wood *Callixylon* from the Late Devonian of Ohio, U.S.A.
S. Chitaley (Cleveland, Ohio, U.S.A.) 349
Gnetalean plants in the Jurassic of Ust-Balej, East Siberia
V. A. Krassilov and E. V. Bugdaeva (Vladivostok, U.S.S.R.) 359
